📄 SUMMARY

Cybersecurity-focused engineering student with hands-on experience in vulnerability assessment, secure web development, and incident response. Currently expanding into React and React Native to build secure, user-focused applications.

🏢 PROFESSIONAL EXPERIENCE

Civora Nexus 🌐, *Cybersecurity Intern* January 2026 – February 2026

- Developed a cybercrime reporting web application enabling users to submit and track complaints securely
- Implemented secure user authentication and data handling mechanisms
- Built and managed frontend, backend, and database operations
- Used Git/GitHub for version control and collaborative development

Cryptonic Area 🌐, *Cybersecurity and Ethical hacking Intern* February 2026 – March 2026

- Performed vulnerability assessment on web applications
- Implemented authentication, authorization, password hashing, and input validation
- Analyzed logs to identify potential security threats
- Gained hands-on exposure to incident response workflows

🎓 EDUCATION

B.Tech in Computer Science Engineering, August 2024 – Present
Pacific Academy of Higher Education Udaipur, Rajasthan

📁 PROJECTS

Cradles 🌐, *Gentle Postpartum Support*

Cradles – Gentle Postpartum Support Platform

- Developed a full-stack web application to provide structured postpartum support resources
- Implemented efficient data handling and intuitive navigation to enhance user experience
- Utilized AI-assisted tools to accelerate development and improve workflow efficiency
- Applied secure development practices and strengthened problem-solving skills
- Tech Stack: HTML, CSS, JavaScript

🧩 SKILLS

Programming Languages (C++, Python, JavaScript) • **Cybersecurity** (Application Security, Vulnerability Assessment, Authentication, Input Validation, Incident Response) • **Linux and Networking** (Linux (CLI, Permissions), TCP/IP, DNS, HTTP/HTTPS) • **Web Development** (HTML, CSS, JavaScript, React (Basics)) • **Tools and technologies** (Git, GitHub, VS Code) • **AI Tools** (ChatGPT, Google Gemini)

📜 CERTIFICATES

Aspire Leaders Program 2026 🌐

TCS iON Career Edge - Young Professional 🌐

Forge 🌐 (Cybersecurity Analyst Job Simulation)

Fujitsu: Springpod experience 🌐
